

**Meramec Energy Center
Notification of Intent to Close a CCR Unit
and Certification for Final Cover System Design**

In accordance with 40 CFR §257.102(g), this is notification of Ameren Missouri's (the Owner) intent to close the lined portion of CCR surface impoundment MCPD (Pond 498) at their Meramec Energy Center. This closure will be performed in accordance with 40 CFR §257.102(d) by leaving CCR in place.

CERTIFICATION:

As a Professional Engineer in the state of Missouri, I hereby certify that to the best of my knowledge, information, and belief, the final cover system design for surface impoundment MCPD at Ameren Missouri's Meramec Energy Center meets the final cover system requirements of 40 CFR §257.102(d)(3).
