

**Sioux Energy Center
Notification of Intent to Close a CCR Unit
and Certification for Final Cover System Design**

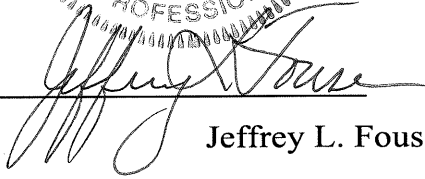

In accordance with 40 CFR §257.102(g), this is notification of Ameren Missouri's (the Owner) intent to close CCR surface impoundment SCPC (Cell 1) at their Sioux Energy Center Utility Waste Landfill (Operating Permit No. 0918301). This closure will be performed in accordance with 40 CFR §257.102(d) by leaving CCR in place.

CERTIFICATION:

As a Professional Engineer in the state of Missouri, I hereby certify that to the best of my knowledge, information, and belief, the final cover system design for surface impoundment SCPC (Cell 1) at Ameren Missouri's Sioux Energy Center Utility Waste Landfill meets the final cover system requirements of 40 CFR §257.102(d)(3).
