ENERGY EFFICIENCY MEEIA 2025-27

Business Social Services Program

PURPOSE

The objective of the Social Services Program (Program) is to deliver long-term energy savings and bill reductions to social service business customers. This will be achieved through a variety of prescriptive measures and comprehensive retrofits.

DEFINITIONS APPLICABLE TO BUSINESS SOCIAL SERVICES PROGRAM ONLY

Social Services - Nonprofit tax-exempt business customer that provides social services to the Income Eligible community members, such as food banks, food pantries, soup kitchens, homeless shelters, employment services, worker training, job banks, childcare, and municipal facilities and public schools in Income Eligible areas.

AVAILABILITY

This Program is available during the Program Period. The Program is voluntary and available to Social Services' facilities receiving electric service under Company's Small General Service Rate 2(M), Large General Service Rate 3(M), or Small Primary Service Rate 4(M) where the facility as a whole, or a dedicated part of a facility, is primarily used to provide Social Services. Measures will be available to the portion of the facility primarily used to provide Social Services.

PROGRAM PROVISIONS

The Program Administrator will provide the necessary services to effectively implement the Program and to strive to attain energy savings.

Customer must certify that all or part of the specific facility for which the Measures and/or retrofits are targeted is primarily utilized for Social Services. Measures for which customer has received an Incentive under a different Business Program or Residential Program are not eligible for this Social Services Program;

ELIGIBLE MEASURES AND INCENTIVES

Social Services Incentives filed in File No. EO-2023-0136 and additional Measures covered by the TRM are eligible for Program benefits and Incentives and may be offered during the Program Period. These may include, but are not limited to, the following equipment types:

- 1. HVAC (Heating, Ventilation, and Air-conditioning)
- 2. Lighting
- 3. Refrigeration
- 4. Cooking
- 5. Water Heating
- 6. Motors
- 7. Lighting Controls

Additional Program details and Incentives may be found at www.ameren.com/missouri/business/energy-efficiency.

*Indicates Addition.
